NOTES RE PURPOSE & LIMITATIONS
 This Survey plan has been prepared for the purpose of designing new constructions on the land and we take no responsibility for its use for any other purpose.
 Any discrepancies should be clarified in writing with CHARLES O'NEILL PTY. LTD. prior to the commencement of work for confirmation of this survey.
 The position of title boundaries shown hereon have been plotted from minimum connections to survey marks placed by others, the verification of which does not form part of this survey. The boundaries were not measured and marked during this survey.
 Services shown hereon have been located where possible by field survey. If not able to be located, services have been plotted from relevant authority records and have been noted accordingly on this plan. The relevant authority should be contacted prior to any excavation or construction on the site to check for possible location of further underground services and detailed locations of all services.
 Sub-surface structures originating from previous internal or external works have not been located.
 These notes are an integral part of this plan. If others use this information, they should be advised of its purpose and limitations.

LEGEND

—	Fence
⊕	Telstra Pit
BB	Toe of Bank
TB	Top of Bank
